

OPE Fall 2025 Enrichment Class Brochure

Fall Enrichment is around the corner, and we have a lot of fun in store! We can't wait to share the exciting new options planned for our OPE owls.

Students in 1st through 5th grade are eligible to participate. We have divided many of the classes based upon age to ensure the courses are age-appropriate to the best of our ability.

Classes are taught by our own teachers as well as community partners. This spring, we are pleased to partner with Art & Soul, Discovery Lab on Wheels (FW Museum of Science and History), Snapology, The Knight School, and our talented teachers.
